

## **Par High Fights Hunger in New Jersey**

Parsippany High School has a wonderful sense of community outreach; it is like no other! One of the focuses here at Parsippany High School has been addressing hunger in New Jersey and we have found another great way to address that need.

### **On November 17th, 2019 we will host our very own Meal Packaging Event here at Parsippany High School.**

**41 MILLION PEOPLE IN THE US ARE FOOD INSECURE. MORE THAN 900,000 OF THEM LIVE RIGHT HERE IN NEW JERSEY. NEARLY 270,000 OF THEM ARE CHILDREN!**

Through The Community Outreach organization we can:

- Purchase carefully selected and nutritionally beneficial dry ingredients in bulk
- Package those ingredients into ready-to-cook plastic pouches during a community meal packaging event
- Gather 600-800 people of all ages to volunteer their services
- Donate the ready-to-cook meals locally to The Community Food Bank of NJ
- Provide a wholesome meal to a child or adult at a cost of about **25 CENTS** each

**Our fundraising goal is \$20,000, which provides us the opportunity to package 80,000 meals!**
