Welcome to Parsippany High School

Dear Students (& Parents),
Welcome to the 2018-19 school year at Parsippany High School. We are very proud of what we’ve created here at PHS: a school community where students, parents, teachers, coaches and administrators work together to do what is best for you, our students, to learn and grow. We are proud to be RedHawks and want you to have the same pride in being RED: empowereRED, inspiRED, undeterRED, cheeRED, prepaRED, and honoRED.

The rules and procedures outlined in this handbook are all designed to create the best and safest learning environment for you to learn in. It is a great idea to read this handbook and to treat it as an owner’s manual for your success at PHS. Know what is expected of you; know the academic guidelines; know the policies that will keep you safe, productive and happy. Please remember that while many of these rules detail the things you can't do at PHS, there are so many things you should do: get involved, try your best, make friends, help people, explore your talents, find your passions, set goals, challenge yourself, etc...

As always, we are here to help you along the way. If you have any concerns or suggestions, please reach out to a teacher, coach, counselor or administrator.

As always, we are here to help you along the way. If you have any concerns or suggestions, please reach out to a teacher, coach, counselor or administrator.

Have a great year.

Dr. Denis Mulroony

Visitors are welcome to our school if they contact the principal first and receive permission to spend time at Parsippany High School for a specific reason.

AFFIRMATIVE ACTION

The Parsippany-Troy Hills School District follows all mandates regarding Affirmative Action. The Board guarantees to all persons properly enrolled in the schools of Parsippany-Troy Hills equal access to the educational program of the school district. No pupil shall be excluded from participation in, denied the benefits of, or subjected to discrimination in any educational program or activity of this district on the basis of race, color, creed, religion, sex, ancestry, national origin, social or economic condition, disability or sexual orientation.

Mr. Anthony Giordano – 504 Coordinator for Disabled Students and Staff
Dr. Robert Sutter – Employment/Contract Practices
Dr. Denis Mulroony – Principal

SEXUAL HARASSMENT IN EDUCATION

Sexual harassment in the classroom, related programs or activities is the behavior of an individual which emphasizes the sexuality or sexual identity of another individual in a manner which prevents or impairs the victim’s full enjoyment of educational opportunities. Sexual harassment is also defined as unwanted, offensive behavior by an instructor or student who resorts to the use of power and status over another person.

Harassment may include: unwanted touching; verbal comments, name calling; spreading sexual rumors; gestures, jokes or cartoon; too personal a conversation or note.

Harassment of staff members by students is equally abhorrent. In such cases, the aggrieved staff member should employ the procedure outline below as a guideline or refer to the Board’s Policy on Affirmative Action.

AFFIRMATIVE ACTION GRIEVANCE PROCEDURE

The Parsippany-Troy Hills School System takes pride in upholding all the regulations associated with affirmative action mandates. If a student thinks she/he has been discriminated against on the basis of sex, race, religion, national origin, creed, handicap, or sexual orientation the following procedure should be followed:

The aggrieved student may seek settlement by meeting with the person(s) involved.
If the dispute is not resolved, the student and his/her parents may arrange for a meeting with the teacher and the school principal or his/her designee.
If the issue remains unresolved, the parent(s) and the aggrieved student may appeal, in writing, to the persons and/or groups in the order listed below:

Affirmative Action Officer - Dr. Robert Sutter
Superintendent – Dr. Barbara Sargent
Board of Education (in executive session): Mr. Frank Neglia

In the event of an impasse at the board level, further appeal may be made through existing statutory provisions.

If the appellant is a disabled person, he/she shall process any complaint through the Section 504 Coordinator, TBA, who is responsible for practices involving disabled persons.

Parsippany-Troy Hills Township Schools
September 2018

Dear Parents,

The members of the Parsippany-Troy Hills Township community of schools share a common purpose. Teachers, administrators, and support staff join with each of you to provide the best public education possible for over seven thousand boys and girls. We are committed to insure a safe, harassment free learning and working environment for all individuals in our schools, including students, staff, parents and guardians and all outside vendors who provide services for our district.

To that end, as one of the district’s Affirmative Action Officers, I ask your help. Each year we provide training for our staff in identifying and preventing harassment of all types. Through our counseling and character education programs at all levels we help our students understand that all people deserve common courtesy and each of us is entitled to learn and work in a safe and secure environment, free of bullying or harassing behaviors. Please talk to your sons and daughters about how they should be treated and how they should treat other people. Reach out to your child’s counselor or principal if situations arise that make them or you uncomfortable. Most importantly, please continue to teach by your example. Always speak to school personnel in a respectful manner.

Please know that each member of our staff understands the awesome responsibility we have. We recognize that every parent wants only what’s best for their child. We too want what’s best for each and every child we serve. Together we can provide not only an outstanding education for our kids, but can help them understand the importance of tolerance and respect.

Thank you for your continued support.

Sincerely,

Robert S. Sutter, Ed.D.
Assistant Superintendent of Human Resources

Civility Guidelines

The Parsippany-Troy Hills School District is committed to maintaining a safe, secure and orderly educational environment in our schools. As part of this commitment, our efforts are directed toward
maintaining District operations that keep our employees, schools, offices, and activities free from disruptions and discriminatory behavior. The following guidelines are designed to deal with disruptive or discriminatory behavior. Please note that a severe incident of disruptive or discriminatory behavior may result in a person being banned from District premises.

**Disruptive Behavior**
The following guidelines are to be followed when a person disrupts or demonstrates the potential to disrupt the safe, secure and orderly educational environment of our schools, offices and activities.

When any person disrupts or threatens to disrupt District operations, is verbally or physically intimidating, threatens the health, welfare and safety of District employees or students on school premises, during a conference, through email or by telephone, the responsible administrator will direct the person to follow the established district guidelines and policies.

If the person does not respond immediately the responsible administrator will:

2. If appropriate, direct the person to leave District premise immediately.
3. Inform the person that he or she will be charged with a misdemeanor, in accordance with New Jersey law (see Legal References), if he or she refuses to leave.
4. If the person does not leave District premise immediately, the administrator will notify the police and the Superintendent and have the person escorted from the District premises.
5. File a police report or complaint after consulting with the Superintendent.
6. Notify the person by letter of the District’s applicable procedures, guidelines, and policies and that he or she may not be allowed on District premises if a subsequent incident occurs.
7. In severe cases, the responsible administrator may direct a lockdown in order to prevent a person from entering the building.

**Discriminatory Behavior**
When any person exhibits behavior unbecoming to a member of the school community such as differential treatment based on race, creed, color, national origin, nationality, ancestry, age, sex (including pregnancy), familial status, marital status, domestic partnership status, affectional or sexual orientation, atypical hereditary cellular or blood trait, genetic information, liability for military service, and mental or physical disability, perceived disability, and AIDS and HIV status, as stated in The New Jersey Law Against Discrimination, the responsible administrator will direct the person to follow the established District guidelines and policies.

If the person does not respond immediately, the responsible administrator will:

1. Inform the person that the meeting or telephone/email conversation is terminated.
2. If appropriate, direct the person to leave District premise immediately.
3. Inform the person that he or she will be charged with a misdemeanor, in accordance with New Jersey law (see Legal References), if he or she refuses to leave.
4. If the person does not leave District premise immediately, the administrator will notify the police and the Superintendent and have the person escorted from the District premise.
5. File a police report or complaint after consulting with the Superintendent.
6. Notify the person by letter of the District’s applicable procedures, guidelines, and policies and that he or she will not be allowed on District premises if a subsequent incident occurs.
7. In severe cases, the responsible administrator may direct a lockdown in order to prevent a person from entering the building.

**Subsequent Incidents**
If a subsequent incident occurs, the above procedures will be repeated and the responsible administrator and/or staff member will file a complaint with the police, the superintendent will be notified and, in consultation with the responsible administrator and our school district attorney, an appropriate course of action will be determined that may include banning the person from District premises or activities for a specific period of time.
Re-admittance
A person who is banned from District premises and/or activities may submit a written re-entry request, accompanied by a written apology, to the Superintendent of Schools who will hold a conference with the person and affected building administrator(s) and determine if re-entry will be permitted.

Documentation
When it is determined by a District administrator that a person is violating the provisions of these guidelines, the administrator may provide him or her with copies of the appropriate statues.

ATTENDANCE POLICY

Note: Except for numbers three and four below, these procedures do not distinguish between excused/unexcused absences. Please read carefully these limits and changes which took effect as of September 1, 2007.

You must be present a minimum of four (4) hours of instructional time (not including lunch) to participate in any co-curricular activity including athletics on that day. (See Bd. Policy p.33)

Students will be permitted to accumulate the following absences without affecting credit for a course:
- Full Year course - no more than 20 absences per year
- ¼ year course (Phys. Ed) – no more than 15 absences in the year
- ½ year (semester) course – no more than 10 absences in the semester
- ¾ year course (Health/Drivers Ed) – no more than 5 absences in the marking period

Note: Tardies to school less than 10 minutes equal one-half absence in the 1st period class. Tardies to school 10 minutes or more equal one full absence in the 1st period class.

1. Any time a student is absent, the parent must notify the Attendance Office by calling 973-682-2815 Ext. 1. Upon returning, the student may bring a parental and/or medical note to the attendance office containing the student’s name, grade level, day or dates of absences and reason for absence. Notes explain absences; they do not excuse absences. Unless a call is received, the absence will be considered a truancy.

2. A student who accrues more absences than indicated above will be considered as not having completed the prescribed requirements for the course as approved by the Board. He or she will be considered as having lost credit in that course. Since a student must complete a course to be eligible to participate in summer school, he/she will be permitted to remain in the course if behavior and level of participation remain appropriate.

3. If the student is participating in a school-sponsored activity designated by the principal as directly related to educational goals, the absence will not be counted toward the totals listed above.

4. If the student is absent for observance of an approved religious holiday and submits an appropriate written explanation from a parent/guardian, the absence will not be counted toward the totals listed above.

5. Parent(s)/guardian(s) will be kept informed about a student’s attendance as follows:

Year Long and Semester Courses
- A. After the fifth and tenth absence of the year, parent(s)/guardian(s) will be notified by letter.

Quarter Course
A. After the third absence, parent(s)/guardian(s) will be notified by letter.
B. After the fifth absence, the parent(s) or guardian(s) will be notified by the assistant principal with an attendance contract.
C. The sixth absence will result in loss of credit for the course. Parent(s)/guardian(s) will be notified of such by letter

ATTENDANCE CONTRACT PROCESS
A. Students will be allowed 20 absences per full year course, 15 absences per ¾ course, 10 absences per half year course, and 5 absences per ¼ year course.
B. Every 5 absences marks a warning through a letter. When the student approaches a concerning amount of absences, an Attendance Contract will be established.
C. Contracts will be explained thoroughly by the Assistant Principal, and signed by student, Guidance Counselor, Parent, and Principal.
D. Contracts are a final warning and acknowledgement of the attendance policy, and the student’s current attendance status. The consequences for exceeding an attendance contract will result in losing credit in the class, and possibly repeating the class next year, or going to summer school. Students and parents will be able to identify the number of days absent, and remaining number of absences allowed in a specific class. Once those days are used, the student will lose credit in the class.
E. Students on an attendance contract will not be permitted to attend field trips that are during the school day.
F. The principal shall have the right to waive penalties given extenuating circumstances.

TRUANCY
Students who are absent from school without parents’ knowledge will be considered truant and receive the following discipline:

**EARLY DISMISSAL**  

A request for early release from school requires a note from home. Student must present the note in the attendance office by 7:30 A.M. The note must include a valid reason, (i.e., medical needs, religious obligations, and/or appointments that cannot be made after school) and the telephone number where a parent can be reached. Students presenting a note after this time may not leave school without a phone call first being made to the parent by the Attendance Office. THE NAME AND THE TIME THAT THE STUDENT IS TO BE DISMISSED WILL APPEAR ON THE ABSENTEE LIST. Upon re-entry, students must report to the attendance office and sign in. STUDENTS ARE NOT PERMITTED TO LEAVE SCHOOL ON A DAILY BASIS DURING STUDY HALL, LUNCH PERIODS, OR UNSCHEDULED TIME. ALCOHOL, DRUG AND SUBSTANCE ABUSE POLICY
The Parsippany-Troy Hills Board of Education has adopted a comprehensive substance abuse policy covering alcohol, drugs and other illicit substances. Copies of the full policy/guidelines are available on request in the school office. A summary of the policy is provided below:
Support Services for Drug Abuse, Prevention and Intervention - Educational programs for students, staff and parents are conducted on the nature of tobacco, alcohol, anabolic steroids and other drugs of abuse. The programs include the effect on the body, behavior and the law. Trained student assistance counselors are available to identify, assist and refer students who are abusing drugs. The high school has a CORE team to review students who are referred by staff members. Students who voluntarily seek help for drug or alcohol problems will be given confidential assistance by the Student Assistance Counselor. Families seeking help for students will be directed to the Student Assistance Counselor for appropriate intervention and referral to outside agencies.
Specific Provisions for Handling Drug-Related Incidents - Students who appear to need immediate medical attention will be treated as a medical emergency with ambulance transport to the nearest hospital for immediate medical evaluation and parent notification. Students suspected of being under the influence of alcohol or other drugs will be examined by the school nurse. Parents/guardians will be notified, and students will be required to complete a physician’s medical examination including a drug screen. If the results are positive, the student will be suspended and an evaluation of the student for the level of drug use will be required. Appropriate referrals will be made depending on the level of use. A physician’s statement will be required for reentry. Students suspected of drug use will be reported to the Student Assistance Counselor who will refer those students to the CORE Team. The CORE team will evaluate information from the staff members familiar with the student. Parents of the student suspected of using drugs will be notified by the chairman of the CORE team who will make the necessary out of building referrals. Students suspected of being under the influence of alcohol/drugs during a school-sponsored field trip will be transported to the nearest emergency room by ambulance for an immediate screening. Local police and parents will be called. If parents do not assume custody, the student will be turned over to local police.

Students suspected of using steroids will be examined by a physician for the presence of these drugs. If the student tests positive, he/she will be referred to an appropriate agency. If there is reason to believe that a student is involved in distribution or possession of controlled dangerous substances on school property or at a school function, the following actions will take place:
Penalties for possession, use or inducing others to use illicit substances are:

1. First Offense - 4 days out of school suspension (including co-curricular activities). A mandatory physical examination and urine drug screen will be required to return to school.
2. Second Offense - 10 days out of school suspension (removal from co-curricular activities).
3. Third Offense - suspension with recommendation for expulsion from the school system.
4. The local police will be notified when there is possession or distribution.

*Distribution of illegal substances - suspension with recommendation for expulsion from the school district.

Students are advised that a warrantless search may be made if the principal or his/her designee has reasonable suspicion that a student is in possession of drugs or drug paraphernalia. Any drugs or drug paraphernalia observed will be seized. Any information concerning drugs or drug paraphernalia will be reported to the Superintendent and to the Police. (This will not include students voluntarily seeking treatment for drug abuse problems.)

Additional Important Provisions - Students who refuse to submit to drug/alcohol screening will be suspended out of school. These students will be required to undergo a drug/alcohol assessment. All suspected incidents or drug policy violations shall be reported to the Principal who shall report them to the Superintendent. Refusal by a parent to follow through with the provisions of this policy violates compulsory attendance and/or child neglect laws. Refusal to comply may result in notification to DYFS. School personnel are held safe-harmless when reporting chemical abuse incidents under NJSA 2A:62A-4, NJSA 18A:40A-13, -14 and NJAC 6:29-6-63.

For further information regarding the substance abuse policy, students should contact the Student Assistance Counselor.

STUDENT LOCKERS/SEARCH AND SEIZURE

The administration acknowledges the need for in-school storage of students’ possessions and shall provide desks and lockers for that purpose. Where locks are provided for such places, students may lock them against incursion by other students, but in no such places shall students have the expectation of privacy as to prevent examination by school officials. School lockers will be the subject of periodic inspections by school officials to maintain the health, safety, and welfare of the school community. If a student has a locker problem, they should report to the Attendance Office.

SMOKING / POSSESSION OF OR USE OF TOBACCO

By Board of Education policy, smoking, possession of, or use of tobacco products is strictly prohibited in school and on school grounds. This includes all events held at school. HARASSMENT, INTIMIDATION AND BULLYING

The Board of Education of the Township of Parsippany-Troy Hills prohibits acts of harassment, intimidation or bullying. A safe and civil environment in school is necessary for students to learn
and to perform to the highest level to which they are capable. Harassment, intimidation and bullying is a disruptive and violent behavior that interferes with a student’s ability to learn and the school’s ability to educate students in a safe environment. The Parsippany-Troy Hills Township School District expects that all members of the school community, students, teachers, administrators, faculty, staff, parents and volunteers will treat each other with civility and respect and will refuse to tolerate harassment, intimidation or bullying.

Harassment, intimidation or bullying means any gesture or written, verbal or physical act that takes place on school property, at any school-sponsored function or on a school bus and that is incited by any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, or a mental, physical or sensory disability; or, by any other distinguishing characteristic; and a reasonable person should know, under the circumstances, that the act(s) will have the effect of harming a student or damaging the student’s property, or placing a student in reasonable fear of harm to his person or damage to his property; or has the effect of insulting or demeaning any student or group of students in such a way as to cause substantial disruption in, or substantial interference with the orderly operation of the school.

The Board of Education expects students to conduct themselves in keeping with their level of development, maturity and demonstrated capabilities with a proper regard for the welfare of their students and school staff.

Acts of harassment, intimidation or bullying are to be reported to the school administrator to determine whether an alleged act constitutes a violation of this policy. The principal and/or designee shall conduct a prompt, thorough and complete investigation of the alleged incident. Consequences and appropriate remedial action may range from positive behavioral intervention up to and including suspensions and expulsion as permitted under N.J.S.A. 18A:37-1. Some acts of harassment and intimidation, or bullying may be so serious that they require response by law enforcement officials.

2363 PUPIL USE OF PRIVately-OWNED TECHNOLOGY

The Board of Education recognizes technology is always changing and as a result of increased accessibility to technology many pupils possess technology devices for their use during non-school hours. These privately-owned devices may be beneficial to pupils during school hours for approved educational purposes. Therefore, the Board of Education will allow pupils to use their privately-owned technology devices under conditions outlined in this Policy.

The use of privately-owned technology by a pupil in the educational program during the school day must be approved by the pupil’s parent or legal guardian and the school teaching staff member responsible for supervising and/or providing the pupil’s instructional program. A teaching staff member may approve a pupil’s use of privately-owned technology based on the assignment(s) to the pupil. The teaching staff member may also prohibit the use of privately-owned technology for an assignment(s).

Pupils who use privately-owned technology in school will not be given access to the school district’s computer server(s) or network(s). In the event the teaching staff member approves the use of privately-owned technology to access the Internet, the access must be through the privately-owned technology without the use of any school district hardware or software. Students are allowed access to the internet through PTHSD guest access. A teaching staff member who approves a pupil to use their privately-owned technology to access the Internet during instructional time will provide the pupil with a list of approved Internet sites the pupil is permitted to access. A pupil granted such permission must comply with school district policies and regulations regarding acceptable use of computers and technology. Any use of privately-owned technology by a pupil shall be in strict accordance with the teaching staff member’s specific approval(s) and Board policies and regulations. Privately owned technology used in violation of this policy may be confiscated. Any violation will subject the pupil to appropriate discipline and/or grading consequences.

The school district assumes no responsibility for any privately-owned technology brought to school by a pupil. The pupil shall be responsible for the proper operation and use of any privately-owned technology brought to school. School staff members shall not be responsible for the effective use and/or technical support for any privately-owned technology.

The school district shall assume no responsibility for the security of or damage to any privately-owned technology brought to school by a pupil. Pupils are encouraged to purchase private insurance for loss, damage, or theft of any privately-owned technology the pupil brings to school.

**UNSCHEDULED TIME**

(Senior Privilege)

When students are not in a scheduled class, they must go to one of the following areas, sign in, and remain there the entire period:

A. Cafeteria  
B. Media Center  
C. Guidance

GUIDANCE/STUDENT ASSISTANCE COUNSELOR

Students in grade nine have one counselor for the year. For their final three years, students are assigned to their permanent counselor. The name of the assigned counselor is listed on the student’s schedule. The counseling staff presents a program to students for each of the four years enrolled. Students may see their counselor by making an appointment with the secretary, or by securing a pass from their classroom teacher. (Except for unusual circumstances, students should see their counselor only during a study hall, free period, lunch period or before or after school.)

The services of the Student Assistance Counselor (SAC) are available to all students, staff and parents. The counselor will act as a resource person for those in need of information and/or assistance for any perceived crisis situation, including substance abuse concerns. Alcohol and drug information, alternative coping skills and self-awareness are important aspects of these prevention, intervention and aftercare services. Individual counseling, peer support groups and referrals are provided in a confidential manner.

Room D23 is the Career Resource Center. It contains current information about post-high education and training, the armed services, career and job opportunities, and includes computer programs, videos, and tapes concerning advanced education. During the school year, representatives from schools, colleges, and universities will come to speak to students. These sessions are available to all students. Seniors should note the following:

1. Please see your counselor to review your college applications. Remember to keep the time frame in mind.
2. Students must provide an addressed and stamped envelope, with sufficient postage, for transcript mailing.

TRANSFER OF STUDENT DISCIPLINE RECORD

Recent changes in school law now require the transfer of student discipline records when a student transfers to another school district. The law reads as follows: “The school district of last attendance shall provide to the receiving district all information in the student's record related to disciplinary actions taken against the student by the district (as well as information in the student's record received) and notify the receiving district if it has obtained any information pursuant to section 1 of P.L.1982, c.79 (C.2A:4A-60) [, and written]. Written consent of the parent or adult student shall not be required as a condition of transfer of this information; however, written notice of the transfer shall be provided to the parent or adult student.”

WITHDRAWAL FROM SCHOOL

When a student withdraws from the high school, he should report to the Guidance Office to obtain a clearance slip. On this he records his reason for leaving, his new address, and the name and address of the new school, if any, to which his records are to be sent. To facilitate this, please follow the steps as outlined:

1. Bring a note from home stating the reason for withdrawing from high school, the last date you will be attending here, and the name and address of the new school (if known).
2. Pick up a withdrawal form in the Guidance Office.
3. Have the withdrawal form signed by each of your teachers as you return books and materials.
4. Clear out your hall and gym lockers.
5. Return the completed withdrawal form to the Guidance Office.

SCHOOL RECORDS WILL NOT BE forwarded to the student's NEW SCHOOL.
GRADES

There are two components to the grading system, achievement and effort. Please note the following:

Academic Achievement - The academic achievement grade measures the student’s performance in comparison to other students in the class. The following factors, where applicable, are considered in determining academic achievement:

4. Reports (written & oral)  5. Projects  6. Class participation
7. Homework  8. Laboratory Skills

Grades issued for this component are:

Students will complete a comprehensive midterm assessment at the end of marking period 2 that will consist of concepts, topics, proficiencies, and skills taught in marking period 1 and marking period 2. Students will complete a comprehensive final assessment at the end of marking period 4 that will consist of concepts, topics, proficiencies, and skills taught in marking period 3 and marking period 4. Make – up for examinations missed due to authorized absence will be scheduled with approval from the Principal. Pupils must attend and complete midterm and final examinations, as these are part of the course requirement. Pupils who do not complete these examinations related to their course will not receive credit for the course. Students who miss an exam without prior approval from the Principal will receive a zero on the exam and will not receive an opportunity to take a make-up exam.

Each marking period will count as 20% of the final grade (80% total). The midterm assessment will count as 10% of the final grade, and the final assessment will count as 10% of the final grade (20% total). For semester courses, each marking period shall count as 40% of the final grade - no midterm assessment will be administered. The final assessment, which will take place at the end of marking period 2 for semester one courses, and at the end of marking period 4 for semester two courses, will count at 20% of the final grade.

The minimum grade of “D” must be obtained to receive course credit. The values to be used in determining the final average will be:

UNTIL ALL OBLIGATIONS HAVE BEEN MET.
COURSE AUDIT
A student may request permission to audit a course only under the following circumstances:
- Transfer into school after the first ten days of the course.
- Unavailability of course requests based on a transfer.
- Student interest in course after the first ten days of school.
A student may not request to change his regular enrollment in the class to an “audit status.”
If at any time a teacher believes the audit permission should be revoked, a conference with the parent and counselor must be held before the department supervisor and principal to revoke the audit permission. Once the permission is revoked, the student will be assigned a study hall only and the course audit will be removed entirely from the student’s academic record.

INDIVIDUAL DEVELOPMENT
The individual development grade measures the individual student against his/her own potential to achieve academically, socially and behaviorally. This grade is a measurement of how the student is progressing relative to his/her ability. This grade is not used in comparison to other students. The following factors are considered in the developmental grade:
1 Effort 2 Interest 3 Discipline 4 Attitude
5 Attendance 6 Work Habits 7 Development of Responsibility

Grades for individual development are:
4 = Excellent 3 = Very Good
2 = Satisfactory 1 = Marginal
0 = Not Acceptable

Students who withdraw from a course after the 15th day will receive a grade of “W” for the course. The final grade for individual development represents the teacher’s evaluation of the student’s overall performance for the year. In all cases, except with the approval of the child study team, a minimum final grade of “D” must be obtained in Academic Achievement to receive course credit. To attain the honor roll, a student will be evaluated in the area of academic achievement only. To qualify for the honor roll, a student must have all A’s and B’s. To qualify for the high honor roll, a student must have all A’s.

Honors and Advanced Placement courses are weighted up to one full point (1.0) above the normal value of each letter grade. Please note the following:
A = 5.0  A- = 4.67  B+ = 4.33  B = 4.0  B- = 3.67
C+=3.33  C = 3.0  C- = 2.67  D+=2.33  D = 2.00
STUDENT MUST COMPLETE HONORS AND AP COURSES TO RECEIVE A WEIGHTED GRADE.

CLASS RANK
All subjects are included in class rank except courses taken on a pass/fail basis or courses from which a student has withdrawn. Honors/advanced placement courses are weighted at one additional point (1.0) towards calculation of the Grade Point Average (GPA). The school publishes an official roster of class rank and GPA in the student’s senior year. Prior to that, students may ask their guidance counselors for an unofficial class rank. Students who transfer must complete four semesters in order to receive class rank and a GPA.
HIGH SCHOOL GRADUATION REQUIREMENTS POLICY

In order to graduate from the Parsippany-Troy Hills School District and to receive a state endorsed diploma, all students must meet specific requirements. These requirements include competency in basic skills, credit years of coursework, curriculum proficiencies and meeting the requirements of the attendance policy.

**Student Must:**

1. Pass the PARCC or NJ Assessment Graduation Requirement
2. Complete the District required credit years (24 credits).
3. Demonstrate the achievement of explicit proficiencies in each course required for graduation. Both the course proficiencies and the standards for “satisfactory completion” will be established by the district and be communicated to parents/students at the beginning of each course.
4. Attend a minimum number of sessions in each course as part of the requirement for “satisfactory completion” of both state and school district mandates.

**Provisions for students in special circumstances are made as follows:**

1. Classified students shall be subject to all state and local graduation requirements unless exempted in their Individual Educational Plan (IEP).
2. Transfer students from in-state or out-of-state are subject to all state and local graduation requirements.
3. Under certain conditions determined by the district, students enrolled in the vocational education program may partially satisfy the computation and science graduation requirements through their vocational courses.
4. Please refer to promotion policy in section 5123 of the district policy manual for other information.

**ADMINISTRATIVE GUIDELINES**

In keeping with its obligation under N.J.A.C. 6:8 - 4.2, the Board of Education sets forth the following as its procedure for high school graduation:

1. **Basic Skills**
   1.1 Students must pass the state tests in reading, writing, and computation which is first administered in the 11th grade and thereafter as required.
   1.2 Students who pass the state test(s) once have met the basic skills requirement.
   1.3 Students who do not pass the state test(s) are required to take an appropriate compensatory course. Waivers of the requirement can be made only by the high school principal at the written request of the student’s parents/guardian.
   1.4 Students enrolled in a required compensatory course must have an Individual Student Improvement Plan (ISIP) developed or implemented, and evaluated by the course teacher. Students waived from the course requirement must also have an ISIP developed, implemented, and evaluated by an assigned teaching staff member.
2. **Credit Years**
   2.1 To qualify for graduation and a state endorsed diploma, students must successfully complete at least twenty-four (24) credit years and take at least six (6) credits each year excluding any after four (4) years.
   2.2 The following are the specific state requirements for graduation from high school with a state endorsed diploma:
      a. One credit year of communication for each year of enrollment, up to four credit years;
      b. Three credit years of computation; two credit years of United States history and one credit year of world history as required by N.J.S.A. 18A:35-1 et seq.
      c. Three credit years of natural or physical science; one credit year of physical education, health and safety for each year of enrollment as required by N.J.S.A. 18A:35-5 et seq.; one credit year of fine, practical, and/or performing arts and one credit year of career exploration; and
   3. **Curriculum Proficiencies**
      3.1 All high school courses shall be explicitly defined in terms of minimal required student proficiencies. A list of these proficiencies is given to students and parent/guardian within the first
ten days of each course. However, these proficiencies are not the sole basis for successful completion of the course.

3.2 Grading procedures and all other requirements for successful completion of the course for graduation credit are given to students and parent/guardian in the first ten (10) days of each course.

3.3 Students must take a final examination in each course including but not limited to minimal required proficiencies. The final examination grade is one factor in determining successful completion of the course for graduation credit.

3.4 Under certain circumstances, students may satisfy curriculum and credit requirements in a particular course without taking the course. In all such cases, the student must first demonstrate minimal proficiency in the course and demonstrate mastery of all the proficiencies normally required to pass the course. The student must notify the building principal of intent as follows: First semester courses, by November 1; Full year courses, by February 1; second semester courses, by April 1.

3.5 Students not successfully completing courses required for graduation will be given multiple opportunities to do so. Students and their parents/guardians will be informed of their status with respect to graduation and of the opportunities for remediation.

3.6 Additional details of credit and proficiency requirements will be found in the handbook given to students and parents/guardians at the beginning of the ninth grade as well as in the course selection booklets given annually. These publications are considered part of the administrative guidelines.

4. Special Education Students
The Individual Education Plan (IEP) of classified students exempted from the graduation requirement nonetheless specifically addresses state and local basic skills and curriculum proficiencies at an appropriate level. Satisfactory completion of such an IEP will consequently qualify the classified student for a State endorsed diploma.

5. Transfer Students
As soon as possible after entrance, the transcripts of transfer students are evaluated to determine status with respect to graduation requirements. Programming priority is given to make up any deficiencies. A diploma will not be issued until all requirements are met.

6. Vocational Education Students
In order to satisfy a single year of the mathematics or science requirement through participation in vocational education, students must initiate the waiver process. With an approved waiver, signed by the supervisor and the principal, in addition to the three credits each year, a student who successfully completes a two year sequence of a selected vocational course will be certified as meeting the requirement of one year of mathematics or science. For an explanation of specific credits assigned to courses taken at Morris County School of Technology, students should see their guidance counselors.

**SENIOR STATUS**

Senior status with all its social benefits is a privilege accrued by virtue of the fact that a student has successfully completed the 9th, 10th, and 11th grade program. To be considered a senior, a student must be able to schedule all required credits in order to graduate by August. Students who are unable to schedule enough credits to graduate will retain junior status.

**INDEPENDENT STUDY**

Students who wish to engage in an independent study program must receive the support of their school counselor, the lead teacher of the curriculum in question, the district supervisor of the curriculum and the school principal. Independent Study will be done in cooperation with a mentoring staff member. Course credit will be assigned in accordance with normal crediting procedures. Independent Study is reserved for those courses that lay outside the existing curriculum.
MAKE UP WORK
Students should anticipate one day make up time for each authorized class absence. Additional time may be given at the discretion of the administration.

NATIONAL HONOR SOCIETY
Selection to the National Honor Society is based on Scholarship, Leadership, Character and Service.
The principal appoints a governing body to select members for NHS. To be eligible for consideration, a student must maintain a minimum grade point average 3.5 which is calculated after the second marking period of the junior year. The selection process includes faculty members from throughout the building. Evaluation occurs after the candidate submits verification of qualifications. The selection process will involve faculty evaluation after the candidate submits verification of qualifications. Pupils not selected in their junior year may be reevaluated in their senior year. (see GPA eligibility for specific graduating class).

MEDIA CENTER
The high school media program is designed to assist students and staff in finding, evaluating, and applying information in order to function effectively as lifelong learners. A secondary goal is the development of an appreciation of reading as a leisure time activity. The media specialist will provide leadership and expertise in the use of information and instructional technologies.

**Hours of Operation:** 7:30-3:30

Students must obtain a pass from the Café Duty Teacher in order to go to the media center and must sign in when they arrive. Students wishing to visit the media center during their study hall must obtain a pass from the academic teacher for whom they have an assignment needing media center resources. This pass should be presented to the study hall teacher. Upon arrival to the media center students should sign in and remain for the entire period. Students who are using the media center with a classroom teacher will have preference to computers and other resources.

**Borrowing Policies**

Books circulate for four weeks, reference materials overnight, and other materials from overnight to one week. Students should borrow materials for only as long as necessary and return them promptly so that the materials may then be available to other students. A valid student ID card must be presented in order to borrow materials. Appointments for a photo ID can be arranged with the media center secretary.

**Overdue Materials**

Payment of fines for overdue materials is not required. However, necessary action will be initiated to ensure the prompt return of overdue materials. Such actions could include disciplinary measures. Students will be expected to pay the replacement cost of any lost or damaged items. The media center is “user-friendly!” Please respect the rights of other library users. We expect responsible student behavior:

- Be considerate of others who are working. Use a quiet voice and appropriate language. Limit your time on electronic and online resources when others are waiting. Limit computer printing.
- Food and drink are not permitted in the media center. Adhere to our district’s Internet policy.

**SPORTSMANSHIP**

The Board of Education requires that all individuals involved in or attending the athletic and intramural programs sponsored by the Board exhibit sportsmanship when representing the school at any athletic event. Sportsmanship is defined as abiding by the rules of the contest as defined or accepted by the participating teams and the gracious acceptance of victory or defeat. Unsportsmanlike behavior as exhibited through verbal abuse, rude gestures, taunts, obscenities, thrown objects, etc., shall not be tolerated in students, staff or any persons in attendance at district athletic competitions. Discipline may include, but not be limited to, eviction from the competition and prevention from attending further competitions.

**ELIGIBILITY OF ATHLETES**

The following rules are mandated by the NJ State Interscholastic Athletic Association (NJSIAA):

PTSA
The PHS Parent Teacher Student Association is an organization which promotes the partnership of parents, teachers, and students. PTSA supports school programs such as Project Graduation and raises funds to award scholarships to deserving seniors each year. PTSA nurtures the vital connection between home and school as students journey through their high school years. The school encourages all students, teachers, and parents to become members of the PHS PTSA. The membership dues are $7.00 per person yearly. A family donation to support the efforts of the PTSA is $25.00 (or whatever is affordable). For more information, please refer to the PTSA link on the PHS website.

SCHOOL DANCES
A number of organizations sponsor school dances. Following are the guidelines regarding dances at the school: Dances are only open to students from PHS/PHHS with a student I.D. card. Students wishing to bring a guest from outside the school to the Junior Dinner Dance, Prom, or Homecoming dances must notify the chaperone of the event in advance. Any dance that has a theme needs administrative approval. Dances generally last from 6 - 9:00 P.M unless otherwise stipulated. Once students have left the dance, they cannot return to the building. There is no loitering on school grounds, neither outside the doors of the school nor in cars. All the usual school rules of behavior and deportment apply to school dances.

For further information regarding vocational opportunities available to the high school, students should contact the Guidance Office.

**WORKING PAPERS**

Students under the age of 18 years applying for work or promised employment must have working papers. The State of New Jersey provides a form to be completed by student, employer, parent/guardian and school, and it may be obtained in the Guidance Office. B. Students seeking summer employment are advised to have the school nurse complete the Physician’s Certificate prior to the end of the school year.

C. Before you begin working, you must also have a Social Security Card. The Social Security Office for the area is located at 1719B St. Highway 10, Parsippany, New Jersey 07054.

**DISSECTION OPT-OUT**

Public school pupils from kindergarten through grade 12 may refuse to dissect, vivisect, incubate, capture or otherwise harm or destroy animals or any parts thereof as part of a course of instruction. The law requires schools to provide alternative education projects for those students who choose “opt out” of these activities.

Schools are required to notify pupils and their parents or guardians of a pupil’s right to decline to dissect, vivisect, incubate, capture or otherwise harm or destroy animals or any parts thereof as part of a course of instruction. Within two weeks of receipt of the notice, the law requires parents or guardians to notify the school of their desire to have their child exempt from participation and provided with an alternative education project. **HEALTH EDUCATION/FAMILY LIFE SUMMARY**

The Parsippany-Troy Hills School District is committed to preparing our students for the Twenty-First Century through a progressive, sequential and comprehensive school health curriculum. Our comprehensive school health curriculum offers age-appropriate and culturally sensitive curricula, helping students develop the knowledge, attitudes, skills and behaviors to adopt a health-enhancing lifestyle.
The curriculum is student-centered, focusing on how one grows and develops from conception to death. Also covered are affirmative action issues from sexual harassment to physical abuse to date rape. Topics relating to family life and human sexuality are age-appropriate and reviewed by the Teaching & Learning Committee of the Board of Education.

The health curriculum is in compliance with the New Jersey Department of Education’s mandates. The following is a brief synopsis of the Health Education/Family Life content for grade clusters. You may review the curriculum guides at any building. If further clarification is needed, please call the building principal or the Supervisor of Health and Physical Education. In addition, a complete course of study may be accessed on the district website, www.pthsd.k12.nj.us

Please notify the school in writing if you wish your child to be excused from any or part of the Family Life Program. If your child is excused he/she will be given an alternative health project to complete as a substitute for the Family Life unit.

We will assume that you approve of your child’s participation in the Family Life curriculum if the administration does not hear from you.

**Grade 10:** Driver education (theory, injury prevention, safety, alcohol, tobacco, and other drugs and the law).

**Pursuant to N.J.S.A. 18A: 35-4.7, any child whose parent or guardian presents to the school a signed statement that any part of instruction in Health, Family Life Education or Sex Education is in conflict with his conscience or sincerely-held moral or religious beliefs shall be excused from this portion of the course.**

**BUS TRANSPORTATION**

Students **must carry a bus pass at all times.** Failure to do so will result in revocation of riding the bus privilege. Proper behavior while waiting for the bus at your bus stop and on the bus is mandatory for traffic safety. There is no smoking on school buses. Students violating regulations regarding bus safety will lose their privilege of riding the school bus and will have to provide their own transportation to and from school. Students are to ride assigned buses only. Bus passes **MAY NOT be shared.**

The following regulations apply to pupils riding the school buses:

- The Board of Education authorizes the Supervisor of Transportation to assign seats on an as needed basis.
- Students shall only ride the bus to which they are assigned. Students are not permitted to ride another bus for after school activities.
• Pupils are to remain quietly seated at all times on the bus. Heads, hands and belongings of all kinds are to remain inside the windows.
• Students are encouraged to wear seat belts.
• Unauthorized individuals are NOT permitted to ride on any bus.
• Any possession or use of illegal substances while on the bus is subject to board policy. Parents shall be notified of these regulations annually.

STUDENT TRANSPORTATION
All motorized vehicles driven on school grounds must be registered with the school administration. Because of limited parking facilities, the privilege of parking on school property is offered to Co-op students first. Vocational students taking courses at the Morris County School of Technology or Parsippany Hills receive next priority. The remaining available spaces in the parking lot will be issued to seniors.

Parking on PHS grounds is a privilege reserved only for Seniors. Seniors wishing to drive an automobile to school must first secure a parking application and have it approved. All vehicles parked on school property must clearly display a current parking sticker issued yearly by the high school. Failure to properly display a parking sticker (driver’s side, rear window) or parking in an unauthorized area like the faculty parking lot, will result in a summons issued by the Parsippany Police Department and/or school disciplinary action. Underclassmen cannot park anywhere on campus. The parking spots across from the tennis courts are available to underclassmen as they are considered township property.

Students may not be in the parking lot without an office pass during the school day. Passes must be secured from an assistant principal.

The privilege of driving to school may be revoked at any time by the administration if the student fails to maintain proper school citizenship or violates any of the rules and regulations regarding his parking permit or closed campus policy. Any infractions of parking regulations may result in a suspension from school. Make sure you understand all regulations before signing your name to the driver/parking application.

It is requested that all students transported to or from school by private auto be discharged and picked up in the parking lot, not in the roadway in front of the building.

SENIOR PRIVILEGE
When seniors are not in a scheduled class, they must go to either the Cafeteria or Media Center, sign in and remain there for the entire period.
Seniors who choose to take advantage of late sign in or early dismissal must complete the following:
• Submit a written parental consent form to Assistant Principal.
• Report to Café 1 before Homeroom (for late sign-in).
• Leave school promptly after period 7 (for early dismissal).
• Students loitering in the hallways will not be permitted.

Failure to follow procedures outlined above will result in disciplinary consequences including possible suspension or revocation of senior privilege.

STUDENTS WALKING TO SCHOOL
Students walking to and from school are to use sidewalks where available. Bicycles are to be ridden on the right hand side of the road as close to the edge of the road as possible. This is very important for safety. Bikes should be parked in the bicycle racks.

Dear Parent/Guardian:
The Protection of Pupil Rights Amendment (PPRA) gives parents and students who are 18 or older or emancipated minors (“eligible students”) certain rights regarding the school district’s conduct of surveys, collection and use of information for marketing purposes, and conduct of certain physical exams. These include the right to:

1. **Consent to federally funded surveys concerning “protected information.”** If the US Department of Education funds a survey in whole or in part, a student’s parents or an eligible student must consent in writing before the student may provide information relating to the following categories:
   - Political affiliations;
   - Mental or psychological problems of the student or student’s family;
   - Sexual behavior or attitudes;
   - Illegal, anti-social, self-incriminating, or demeaning behavior;
   - Critical appraisals of student’s family members;
   - Privileged or similar relationships recognized by law, such as with attorneys, doctors, and ministers;
   - Religious practices, affiliations, or beliefs of the student or student’s parents; or
   - Income other than that required by law to determine program eligibility.
A survey that concerns any of these points is called a “protected information survey.”

2. **Opt out of certain surveys and exams.** Parents and eligible students will receive notice of any of the following activities and will have the right to opt out of them:
   - Activities involving collection, disclosure, or use of personal information obtained from students for purposes of marketing or selling or otherwise distributing the information to others;
   - Any protected information survey, regardless of funding; and
   - Any nonemergency, invasive physical exam or screening required as a condition of attendance, administered by the school or its agent and scheduled by the school, and not necessary to protect the immediate health and safety of a student or of another student, except for hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under state law.
3. **Inspect certain material.** Parents and eligible students have the right to inspect the following, upon request, before the district administers or uses them:
   - Protected information surveys of students (including any instructional materials used in connection with the survey);
   - Documents used to collect personal information from students for any of the above marketing, sales, or other distribution purposes; and
   - Instructional material used as part of the educational curriculum.

4. **Receive notification of district policy.** The school district has developed a policy, in consultation with parents, regarding these rights, and has made arrangements to protect student privacy in the administration of protected information surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. The school district will directly notify parents and eligible students, such as through US Mail or e-mail, of this policy at least annually at the start of each school year and after any substantive changes are made.

5. **Report violations.** Parents and eligible students who believe their rights have been violated may file a complaint with:

   Family Policy Compliance Office  
   US Department of Education  
   400 Maryland Ave. SW  
   Washington, DC 20202-4605

Dear Parents:

The Family Educational Rights and Privacy Act (FERPA) affords parents and students who are 18 years of age or older ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days after the day the school receives a request for access.

Parents or eligible students should submit to the school principal a written request that identifies the records they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

Parents or eligible students who wish to ask the school to amend a record should write the school principal, clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to provide written consent before the school discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the school board. A school official also may include a volunteer or contractor outside of the school who performs an institutional service of function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance
committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student’s enrollment or transfer.

The right to file a complaint with the U.S. Department of Education concerning alleged failures by the school to comply with the requirements of FERPA. For additional information, you may call 1-800-USA-LEARN (1800-872-5327). The name and address of the Office that administers FERPA are:
